Here Are the Winners of American Spa's 2019 Professional's Choice Awards

By Samantha Reed | Nov 25, 2019

Here are the winners and finalists of American Spa's 2019 Professional's Choice Awards! // Graphic by Samantha Reed for American Spa (American Spa)

Three years ago, *American Spa* decided to announce the 2017 winners its Professional Choice Awards differently than usual. Instead of announcing all 50 winners (plus finalists) at once, we broke up the categories into groups and announced a few winners from each group per day.

This year, for the awards' 15th anniversary, we followed suit and over the last two weeks we've been celebrating the 12 Days of PCA here on *American Spa* online and across our social media platforms, bringing you the winners and finalists of each category that you, our professionals, voted for. Now, we've got the complete list of categories, winners, and finalists for you to enjoy.

Below are the winners of *American Spa's* 2019 Professional's Choice Awards:

13. Favorite Laser and Light Manufacturer: LightStim*Finalists:*

- Celluma
- Syneron Candela
- Lumenis
- Sciton
